Gray Davis
Governor

TO: Interested Parties

FROM: Samuel Unger
TMDL Unit 2 Chief, Regional Programs Section

DATE: March 1, 2002

SUBJECT: INVITATION TO PUBLIC MEETING

The second public meeting to discuss the TMDL for coliform and beach closures in the McGrath Beach area is scheduled for March 19, 2002. Regional Board staff will update stakeholders and interested parties on the status of ongoing quality assessment of coastal water along the Ventura County coastline from McGrath Beach to Mandalay Beach, including McGrath Lake. Regional Board staff will also solicit input from the public on the TMDL title, numeric target, and problem statement. All participants are invited to provide comments regarding development of the McGrath Area TMDL. The meeting will be held at the following time and location:

McGrath Area Bacteria TMDL Second Planning Meeting

Tuesday, March 19, 2002; 1:00 PM to 3:00 PM

**Ventura County Administration Building
Human Resources Training Room, Room 231
(Beyond the stairway on the main plaza level,
turn right, and right again)
800 South Victoria Boulevard, Ventura**

Should you be aware of interested parties who are not on the distribution list, please extend an invitation to them to participate in our meeting. If you did not receive an electronic version of this announcement on the mailing date and would like to be included on an electronic mailing list, please send an email with your electronic address to lcarlson@rb4.swrcb.ca.gov. We look forward to your continued participation in our efforts to protect water quality. Please call Samuel Unger at (213) 576-6784 or Lisa Carlson at (213) 576-6690 should you have any questions.

California Environmental Protection Agency

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption
For a list of simple ways to reduce demand and cut your energy costs, see the tips at: <http://www.swrcb.ca.gov/news/echallenge.html>

Recycled Paper

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.
